STARKID

Jeff Blim (*ensemble*) just re-leased his 400 square foot studio apartment and can't await the arrival of NBA2k14 and is currently wishing he was eating ice cream. *His life has not been made into a movie*

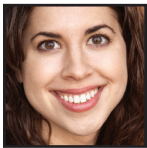

Denise Donovan (*ensemble*) attended Columbia College Chicago where she studied Acting and Business. This is her 6th show with StarKid and she enjoys working with Jaime Lyn Beatty on their podcast, *The After School Special*. When Denise is not creating silly stuff she is teaching dance at Starland in Deerfield. She loves everyone that has been in her life because of Starkid and thanks everyone for understanding and supporting Starkid and sharing all of these memories. Love you all!

Lauren Lopez (*ensemble*) is thrilled to get the chance to work with The Second City again! She has performed in and produced several shows throughout Chicago, with Team StarKid and other companies. Lauren also writes and bakes, and the other day she thought about Ace Ventura. Remember how good that movie was?! When she first saw it she didn't know anything could be that funny.

Pat Rourke (*ensemble*) works at a bagel shop on Chicago's north side. Come try a Big House or a Swanson! Two Rourke originals. Steam!

Meredith Stepien (*ensemble*) grew up in Pinckney, MI! She attended the University of Michigan, where she met her fellow members of Team Starkid. She has been super happy living in Chicago for the past 4 years and is so excited to be working with The Second City again! That's her favorite thing. She wants to thank everyone for all their support! You guys are awesome!!

Daniel Strauss's (*Associate Producer*) favorite boyband was the Backstreet Boys. But he also liked 98 Degrees. Follow him on Twitter @danielstrauss!

Joseph Walker (*Ensemble*) is a man who happily spends his time pretending to be fictional people. But when a freak lightning storm hits the sketch show he is currently a part of, the lines between reality and fiction begin to blur in John Carpenter's *Act Break!* Netflix rating: 2.3 stars.

Nick Gage (*Music Director*) is delighted to be producing music, chuckles, and yuks in another Team StarKid Production. Nick is primarily a musician/songwriter by trade, but owes a debt of gratitude to TSK for getting him back on stage as a comedic actor now and again. Nick has the dubious distinction of being at once the oldest and least mature member of the troupe. He proudly hails from Appleton, Wisconsin.

Brian Holden (*Director*) was a feeling a bit down when he wasn't cast in the show. But he's keeping his chin up because the director of this project doesn't know anything and has a very limited future in the business. He's worked as an actor, writer, producer, or director on all of StarKid's seven musicals, two national tours, and two sketch shows and it's been a blast!

Sarah Petty (*Lighting Design, Stage Manager*) is a Chicago native. Her most recent notable projects include five StarKid musicals, including *Holy Musical B@man* (LD), *Starship* (LD), *AVPS* (LD), and *AVPSY* (Production Stage Manager), and *Twisted* (LD). She has toured with StarKid on two national tours, ApocalypTour and SPACE Tour, and Airport For Birds (LD and stage manager). She has also been involved with Charlene Kaye's Music Videos, Animal Love I (LD) and *Human* (co-production designer), as well as the production assistant on the national tour of *A Christmas Story, the musical!*
